

AYESHA

Mianwali, Punjab, Pakistan | 2488ayesha@gmail.com | github.com/ayeshaa007 | linkedin.com/in/ayeshaa007

OBJECTIVE

Motivated BS Computer Science student with a strong foundation in React and frontend technologies. Skilled in building responsive, user-friendly web applications using modern JavaScript frameworks. Seeking an internship to apply and further develop web development skills in real-world projects.

EDUCATION

BS Computer Science — University of Mianwali, Punjab, Pakistan

CGPA: 3.63 | Expected Graduation: 2027

TECHNICAL SKILLS

Languages: JavaScript, Python, Java, C++ (Basic)

Frontend Development: React, HTML, CSS

Backend & APIs: Python (FastAPI – Learning), REST APIs

Databases & Tools: MySQL, SQL, Git, GitHub, VS Code, NetBeans

Core Concepts: Object-Oriented Programming (OOP), Data Structures, AI Fundamentals, Digital Image Processing

PROJECTS

Environment Awareness Website *(React)*

- Developed a responsive web application using React with reusable, scalable components.
- Designed a clean, interactive UI to promote environmental awareness.
- Applied component-based architecture for maintainability and scalability.

Stock Management Mobile App *(Android – Java/XML)*

- Built an inventory management application with full CRUD operations.
- Integrated a local database for efficient data storage and retrieval.
- Designed a simple, user-friendly mobile interface for ease of use.

Ultrasound Analyzer App *(React Native + Python + AI | In Progress)*

- Developing a system to analyze medical images using backend AI processing.
- Exploring API integration and image handling techniques.

Balloon Shooting Game *(C++ + SFML)*

- Implemented game logic, a scoring system, and responsive user interaction.
- Focused on smooth gameplay performance and optimization.

Blood Donation Database System *(SQL Project)*

- Designed ER diagram and relational database schema from scratch.
- Implemented efficient SQL queries for donor management and search.

CERTIFICATIONS

- 3-Month Computer Application Course
- AI Masterclass Certificate

CURRENTLY LEARNING

- Advanced React concepts, hooks, and best practices.
- API integration and modern state management techniques.
- Backend development fundamentals using Python.

SOFT SKILLS

Problem Solving | Communication | Teamwork | Time Management | Quick Learner
